

An abstract painting featuring a dense composition of thick, expressive brushstrokes. The color palette is dominated by vibrant teal and turquoise, earthy brown, and stark white. The strokes are varied in direction and thickness, creating a sense of movement and depth. Some areas show more uniform color, while others are more textured with visible brushwork. The overall effect is one of dynamic energy and complex layering.

As pinturas abstratas de Janaina Tschäpe têm um aspecto líquido e translúcido que recorda contornos vegetais, animais ou minerais em paisagens silvestres e subaquáticas. Seu repertório de formas orgânicas se compõe em grandes superfícies animadas pelo movimento dos seus gestos: os riscos velozes que a artista traça com bastões a óleo sobrepõem-se à fluidez de pinceladas mais largas. A natureza não é retratada fielmente na obra de Tschäpe, mas tem sua dinâmica vital traduzida em termos pictóricos, em grandes superfícies que levam o olho a passear, envolvendo o público numa ambiência inquieta.

Fazendo referência a mitos e os mistérios dos estados aquáticos, *Rivers of heartbeat* (2023) e *Secret stream* (2023) sugerem crescimento, transição e metamorfose. Criados inteiramente com tinta a óleo e bastão de óleo, essas obras expandem exponencialmente a investigação do artista sobre a relação entre gesto e pintura.

Janaina Tschäpe's abstract paintings have a liquid and translucent aspect that remits to vegetable, mineral or animal outlines in wild or subaquatic atmospheres. Her repertoire of organic forms is composed on large surfaces, alive with the movement imprinted by her gestures: the swift scribbles that the artist traces with oil sticks are superimposed over the fluidity of wider brushstrokes. Nature is not faithfully depicted in Tschäpe's oeuvre but has its vital dynamic translated in pictorial terms on the canvas, leading the eye to wander and involving the public in a restless atmosphere.

Referring to myths and the mysteries of aquatic states, *Rivers of Heartbeat* (2023) and *Secret Stream* (2023) suggest growth, transition and metamorphosis. Created entirely in oil paint and oil stick, these works exponentially expand the artist's investigation into the relationship between gesture and painting.
