Lucia Laguna

Fortes D'Aloia & Gabriel is pleased to announce an exhibition of new work by Lucia Laguna. This is the artist's second solo at the gallery and her first after the comprehensive overview show held at MASP in 2018. In this new set of paintings Lucia follows up on the three series – *Jardins* [Gardens], *Paisagens* [Landscapes] and *Estúdios* [Studios] – that have been directing her production from the start. Such tripartite division points towards an indivisibility between her working process and the space of her studio in the north zone of Rio de Janeiro. It's from that place – and from the observation of its surroundings stretching from her backyard to Morro da Mangueira – that the artist creates hybrid landscapes merging architecture and vegetation, geometric planes and figurative elements.
