

An abstract painting featuring a dense, chaotic composition of thick, expressive brushstrokes. The color palette is dominated by cool tones, including various shades of blue, grey, and white, which form the background. Interspersed throughout are vibrant, warm accents of red and purple. The brushwork is highly textured and varied, with some strokes being broad and sweeping, while others are more delicate and intricate. The overall effect is one of intense energy and emotional depth, characteristic of abstract expressionism.

Janaina Tschäpe

Janaina Tschäpe

Munich, Germany, 1973

Janaina Tschäpe's polyrhythmic, densely layered abstractions place gestural markings and winding lines alongside preoccupations with the unconscious, selfhood and myth. Her atmospheric spatiality induces a sense of suspended thought and bodily perception. Referring to aquatic states, *Whispering Mist* (2023) and *Lingering Blue* (2023) suggest flux, transition and metamorphosis. These works, created entirely in oil paint and oil stick, expand the artist's investigation into the relationship between gesture and painting while producing an atmospheric spatiality. Tschäpe's work is currently on view in *Yo soy mi propio paisaje*, a survey exhibition at CAC Málaga in Spain.

As abstrações polirrítmicas e emaranhadas de **Janaina Tschäpe** (Munique, 1973) colocam marcas gestuais e linhas sinuosas ao lado de preocupações com o inconsciente, a constituição do eu e o mito. Sua espacialidade atmosférica induz uma sensação de pensamento suspenso e de percepção corporificada. Referindo-se aos estados aquáticos, *Whispering Mist* (2023) e *Lingering Blue* (2023) sugerem fluxo, transição e metamorfose. Essas obras, feitas inteiramente em tinta a óleo e bastão de óleo, ampliam a investigação do artista sobre a relação entre gesto e pintura ao mesmo tempo em que produzem uma espacialidade atmosférica. O trabalho de Tschäpe está atualmente em exibição em *Yo soy mi propio paisaje*, uma exposição retrospectiva no CAC Málaga, na Espanha.
